Section 1 – Introduction

This directory provides a list of CCHP Senior Select Program’s (HMO SNP) network providers. To get detailed information about your health care coverage, please see your Evidence of Coverage.

You will have to choose one of our network providers who are listed in this directory to be your **Primary Care Physician (PCP)**. The term “PCP” will be used throughout this directory. Generally, you must get your health care coverage from your PCP. A PCP is a health care professional that you select to coordinate your health care. Your PCP is responsible for providing or authorizing covered services while you are a Plan member. Your Primary Care Physician will also coordinate the rest of the covered services that you get as a member of our Plan.

The “network providers” listed in this directory have agreed to provide you with your health care coverage. You may go to any of our network providers listed in this directory; however, some services may require a referral. If you have been going to one network provider, you are not required to continue going to that same provider. In some cases, you may get covered services from non-network providers. Other physicians/providers are available in our network.

If you receive non-emergency care from non-contracting medical providers without prior authorization, CCHP may not pay for those services unless the services are urgent and our Plan providers are not available, or the services are out-of-area dialysis services. However, if you do receive services from non-contracting providers, you should not pay the bill, but first you should submit a copy of the bill to the CCHP Member Services Department for processing and determination of liability.

Emergency services are provided worldwide. If you need emergency services, please visit the nearest emergency room. If you receive emergency treatment at an out-of-network provider, please contact Member Services. Post-stabilization care must be obtained at an in-network provider, unless previously approved by the Plan. If you receive emergency care at an out-of-network hospital and need inpatient care after your emergency condition is stabilized, you must return to an in-network hospital in order for your care to continue to be covered OR your must have your inpatient care at the out-of-network hospital authorized by the Plan.

You must use plan providers except in emergency or urgent care situations. If you obtain routine care from out-of-network providers neither Medicare nor CCHP Senior Select Program (HMO SNP) will be responsible for the costs.

What is the service area for CCHP Senior Select Program (HMO SNP)?

Introduction

This booklet provides a list of CCHP Senior Select Program (HMO SNP)'s network pharmacies. This directory is for San Francisco and San Mateo counties. Please contact CCHP Senior Select Program (HMO SNP) at 1-888-775-7888, 7 days a week from 8:00 a.m. to 8:00 p.m., for additional information. To get a complete description of your prescription coverage, including how to fill your prescriptions, please review the Evidence of Coverage and CCHP Senior Select Program (HMO SNP)'s formulary. If you have additional questions, please call our Member Services at 1-888-775-7888, 7 days a week from 8:00 a.m. to 8:00 p.m. TTY/TDD Users should call 1-877-681-8898. Or, visit www.cchphmo.com.

We call the pharmacies on this list our “network pharmacies” because we have made arrangements with them to provide prescription drugs to Plan members. A network pharmacy is a pharmacy where beneficiaries obtain prescription drug benefits provided by CCHP Senior Select Program (HMO SNP). In most cases, your prescriptions are covered under CCHP Senior Select Program (HMO SNP) only if they are filled at a network pharmacy [or through our mail order pharmacy service]. Once you go to one, you are not required to continue going to the same pharmacy to fill your prescription. You can go to any of our network pharmacies. We will fill prescriptions at non-network pharmacies under certain circumstances as described in your Evidence of Coverage.

Preferred pharmacies are pharmacies in our network in which our Plan has negotiated lower cost sharing for its plan members for covered prescription drugs than at other network pharmacies. However, you will still have access to lower drug prices at these other network pharmacies than at out-of-network pharmacies. You may go to either of these types of network pharmacies to receive your covered prescription drugs. At Chinese Hospital Pharmacy, our preferred pharmacy, you will be able to receive a three-month supply of medication at the cost of two-month supply copay. At all other retail network pharmacies, this quantity will not be available. A three-month supply of medication is also available via mail order.

We have network pharmacies outside of our service area where you can get your prescriptions filled as a member of our Plan. Generally, we cover drugs filled at an out-of-network pharmacy only when you are not able to use a network pharmacy. Here are the circumstances when we would cover prescriptions filled at an out-of-network pharmacy.

- If you are unable to get a covered drug in a timely manner within our service area because there are no network pharmacies within a reasonable driving distance that provides 24-hour services.
- If you are trying to fill a covered prescription drug that is not regularly stocked at an eligible network retail pharmacy. (These drugs include orphan drugs or other specialty pharmaceuticals).
- If you are traveling outside of the Plan's service area, and you become ill, lose, or run out of your prescription drugs. (You must follow all other coverage rules identified within this document and a network pharmacy is not available.)
- If your prescriptions are related to care in a medical emergency or urgently needed care.

In these situations, **please check first with Member Services** to see if there is a network pharmacy nearby.
