Radiology and Imaging Services	3
Mammography and Bone Density Scan Providers	3
Other Health Care Providers	4
Outpatient Services Providers List	5

## Physicians: Chinese Community Health Care Association (CCHCA)

Chinese Community Health Plan partners with one medical group -- Chinese Community Health Care Association (CCHCA) medical group. CCHCA has a network of over 280 physicians available to provide care to CCHP members. CCHCA primary care and specialist physicians have offices throughout San Francisco and northern San Mateo County. In addition to physicians, the CCHP/CCHCA network includes many allied health providers, facilities and hospitals.

Each CCHP member selects a primary care physician (PCP) from the CCHCA panel. The primary care physician coordinates all care provided to the CCHP member, including referrals to specialists and arrangements for medically necessary hospitalizations.

## Mid-level Practitioner's Services

Physicians who employ mid-level practitioners such as nurse practitioners, physician assistants, or those who have licensed providers like physical therapists, optometrists, etc., must adhere to the following requirements:

- All mid-level practitioners and/or licensed providers rendering care to CCHP patients must be credentialed.
- Services provided by mid-level practitioners or licensed providers must be billed using their individual National Provider Identifier (NPI) number.
- Only services provided by a CCHCA/CCHP physician can be billed under the physician's name and NPI.

The credentialing process includes a request for the names and license numbers of health professionals employed by CCHCA/CCHP physicians. To ensure CCHCA/CCHP is compliant in this area, please make sure that all health professionals in your office have been credentialed. If you are not sure whether all health care practitioners in your office have been credentialed, please contact the CCHP Credentialing Department.

## Participating Providers and Pharmacies

For a directory of CCHP providers, go to [www.cchphmo.com/cchp\\_physicians\\_hospitals](http://www.cchphmo.com/cchp_physicians_hospitals)

You will find provider directories for CCHP's various products – Commercial Group and Individual/Family members, Senior Program HMO members and Senior Select Program HMO SNP members.

- **CCHP Group and Individual/Family Provider Directory**
- **CCHP Senior Program HMO Provider & Pharmacy Directory**
- **CCHP Senior Select Provider & Pharmacy Directory**

## Affiliated Hospitals

We contract with the following hospitals, including:

- Chinese Hospital
- St. Francis Memorial Hospital
- California Pacific Medical Center
- St. Mary's Medical Center
- Seton Medical Center

## Chinese Hospital

Chinese Hospital is CCHP's and CCHCA's hospital partner for our integrated care delivery system. As such, Chinese Hospital is our primary hospital in San Francisco for CCHP members residing in San Francisco or affiliated with San Francisco primary care physicians (PCPs). Seton Medical Center is CCHP's primary hospital in San Mateo County.

For services not available at Chinese Hospital, the Utilization Management Department will make a determination as to where necessary services can be provided. Hospital services for obstetric patients will be authorized at California Pacific Medical Center (CPMC) or Seton Medical Center for San Mateo residents. Hospital services for pediatric patients will be authorized at CPMC.

**Chinese Hospital ([www.chinesehospital-sf.org](http://www.chinesehospital-sf.org))** offers a wide range of medical, surgical and diagnostic services. Please utilize the services of Chinese Hospital by referring patients as appropriate for both outpatient and inpatient care. Referral for services at Chinese Hospital does not require prior authorization.

**Inpatient Care** (except for Neurology, extensive Cardiac or Psychiatric)

- Intensive Care, Medical-Surgical, Telemetry, Surgical Suite and PACU

**Outpatient Care**

- Same Day Surgery Unit, Endoscopy Suite (except Endoscopy Ultrasound)
- Outpatient Medical Therapy Center (Infusion)
- 24-hour Treatment Center with Board Certified ER Physicians

**Diagnostic and Interventional Radiology Services**

- Ultrasound, CAT Scan, Mammography, Dual Energy X-ray Absorptiometry (DEXA) Scan

**Cardiac Diagnostic Testing (Non-interventional)**

**Laboratory / Pathology Services (Outpatient and Inpatient)**

**Inpatient Dialysis**

**Nuclear Medicine**

**Nutritional Counseling and Health Education**

**Ophthalmologic Laser Services**

**Pharmacy**

## Outpatient Services Providers

CCHP and CCHCA contract with several outpatient facilities. Please refer members to the facilities indicated on the “Outpatient Services Providers” list in this section.

## Outpatient Laboratory Services

Laboratory services must be performed at a CCHP/CCHCA preferred facility. Complete a laboratory requisition and direct the member to a CCHP/CCHCA preferred laboratory-drawing site. (See “Outpatient Services Providers” list in this section.)

## Radiology and Imaging Services

Routine radiology films do not require prior authorization at CCHP/CCHCA preferred facilities. Prior authorization is required for many radiology and imaging procedures, except for services at Chinese Hospital. **Outpatient services at Chinese Hospital do not require prior authorization, except elective epidural injections for pain management.** (See Outpatient Services Providers” list in this section.)

**It is the responsibility of the imaging service provider to:**

- 1) Verify member eligibility prior to rendering services
- 2) Confirm authorization has been approved for services that prior authorization.

## Mammography and Bone Density Scan Providers

### San Francisco County

CCHP’s and CCHCA’s preferred providers for mammography services and bone density scans in San Francisco are Chinese Hospital on Jackson Street and RadNet on California Street. Please refer CCHP members to these facilities.

### San Mateo County

In San Mateo County, CCHCA/CCHP doctors may refer CCHP Commercial and Senior Program (HMO) Members for mammograms and bone density screenings to Seton Medical Center in Daly City, RadNet in Redwood City or to one of our preferred facilities in San Francisco. CCHP Senior Select (HMO SNP) members may only be referred to preferred facilities in San Francisco.

Prior authorization is NOT required at these CCHP/CCHCA San Francisco and San Mateo County facilities for mammograms (1 per year in accordance with USPSTF Recommendations) and bone density scans. Mammograms beyond 1 per year require prior authorization. All other facilities require prior authorization. Prior authorization for services at other facilities will only be approved when medically necessary. Patient preference or the fact that a patient previously received mammography or bone density services from a non-preferred facility does not constitute medical necessity and will not be authorized by the Utilization Management Department.

### **Other Health Care Providers**

In addition to the participating providers previously listed in this section, the CCHP/CCHCA provider network includes providers of DME, Home Health, Skilled Nursing, Medical Supplies, Transportation, etc. All of these services require prior authorization. When you submit a Service Authorization Request, the Utilization Management Department will direct you to a contracted provider.

## Preferred Outpatient Facilities List

**Chinese Community Health Care Association**  
**445 Grant Avenue, Suite 700**  
**San Francisco, CA 94108**  
**(415) 216-0088**  
**[www.cchca.com](http://www.cchca.com)**

## PREFERRED FACILITIES FOR OUTPATIENT SERVICES

### San Francisco County

Please refer patients to facilities marked with an “X” for applicable services. Prior authorization is required for many radiology and imaging procedures, except for services at Chinese Hospital. **Outpatient services at Chinese Hospital do not require prior authorization, except elective epidural injections for pain management. Routine X-Rays (plain films) and Mammograms (1 per year) at the facilities with an X below do not require prior authorization.**
